Hi Joelene,

I would herewith like to express my sincere gratitude for the way in which the Headache Clinic put me on the road to recovery regarding my incessant and tormenting headaches: after resigning myself to having to live with them, and in the process becoming dependant on large quantities of painkillers, a simple battery of tests at the Headache Clinic was all that was needed to determine – and eliminate – the true cause of my agony.

The problem was eventually identified as an old back injury that manifested in ongoing migraines. A simply mouthpiece was moulded and fitted which has since kept these headaches completely at bay.

I would like to reiterate my gratitude for all your good work and would definitely recommend your services to anyone in my position.

Sincerely yours,

YOLANDIE DU TOIT ms
