**Dear Simone,**

**As you requested, here as follows, are my experiences with your clinic.**

**When I first went to the clinic and Dr Shevel showed me the PMA he was wearing, I was extremely sceptical as to how such a tiny little object worn on the pallet could eliminate headaches!! However I decided to go ahead and try this device out!**

**I am now 64 years old and have been suffering from intense headaches since I was about 25 years of age. In recent times I suffered on average about 2 severe headaches a week, these headaches occurring sometimes in the middle of the night. My quality of life was at rock bottom when I had one of these nasty attacks.**

**I received my PMA about seven months ago and I can honestly report that I have suffered only one single and mild headache during this period. I can only say congratulations and a gigantic thank you to Dr Shevel and his team for improving my quality of life 100%.**

**Furthermore I really think that the enormous amount of research which Dr Shevel has invested in helping people to rid themselves of horrible headaches and the success he has in curing most people, he should be nominated for the Nobel Prize!!**

**Thank you Doc Shevel!!!**

**Yours sincerely,  
Howie C. Blumenthal.  
Cape Town.**
