

To whom it may concern

I've been suffering from a constant headache for as long I remember, in July I decided to go to the headache clinic with a little hope that someone will help me and to my surprise they did. I am no longer suffering from headaches and I'd like to say a big THANK YOU to the Headache clinic staff for helping me. The service is outstanding and I would recommend people who are suffering from severe headaches to come there.

Thanks to the following people for helping me

Dr. EJ Shevel

Dr. M Orelowitz

Dr. W N Kamener

Regards
