Sister Joseph
Headache Clinic
Parklane

Dear Sister Joseph and Staff

I hereby wish to acknowledge and thank all of you for providing excellent service to me during my treatment at the clinic.

I also wish to emphasise that everyone – from the security to the professionals – were extremely helpful and displayed excellent professionalism in their tasks. I will always be grateful for the assistance and especially for the personal touch that was given to me.

I have made remarkable progress with the treatment offered to me by your clinic, especially with the 'plate'. I no longer suffer from the headaches that used to make my life unbearable.

I thank you once again and salute you for making my experience at your clinic a pleasant one.

Regards

Pule Rampa
