

Subject: FEEDBACK ON TREATMENT RECEIVED

Dear Team of Doctors

It is with great pleasure that I have to commend the Clinic and the team of Doctors for a job well done.

Ever since I came for treatment my headache is gone, I could almost say 100%. One does get headache spells but I believe these have been the normal headaches and nothing of significance.

I want to extend my appreciation for the help I received and extremely professional services and treatment received.

Thanks again and

Kind regards

PETER GUMEDE
