Dear Dr Shovel

I would like to take this opportunity to say thank you for inventing such a life changing device. Having been a migraine and headache sufferer for 18 years, I did not believe there would ever be relief. The doctors continually diagnosed me with sinusitis and I continually lived on antibiotics.

Since June last year I have been using your plate and it has restored my life. Headaches and migraines are a thing of the past and I am a far happier and more productive and effective person.

I pray that you will be blessed as you have blessed others.

Regards

Wendy Timmon

My unfailing love for you will not be shaken nor my covenant of peace be removed. ISAIAH 54:10
